Industrial **5G** Sub
6 Wi-Fi Router Scorpion

Comprehensive Connectivity in 5G Era

- Worldwide 5G-NR NSA & SA, LTE-A and LTE support
- Wi-Fi 802.11a/b/g/n/ac , MU-MIMO with Proved Antenna Isolation
- Ethernet ports: 5x 10/100/1000 BASE-TX RJ-45, 1 x WAN, 4 x LAN
- Expandable BT 5.0 / Lora connection*

Compact and Robust Design for Industrial and Enterprise

- Dimensions: 145 x 120 x 46 mm
- Industrial EMC Minimum Level 3 with CE/FCC ,etc. Certifications
- -40°C ~ 75°C Wide-range Temperature Operation
- Military-grade Reliability - MIL-STD-810-G

Powerful and Trusted Transmission Platform

- Qualcomm Quad ARM High-Performance Platform
- Qualcomm X55 modem
- TW Designed for 5G-NR Modem and Platform
- Secure VPN/Wi-Fi (WPA3) Connection and Firewall Isolation
- IEC 62443-4-2 Cybersecurity Compliance*

Reliable & Redundant Design

- Power Redundancy With PoE PD and DC Options
- Wi-Fi Mesh Fast-roaming with Connection Redundancy
- Dual-SIM and Multi-Wan Failover

Fast Deployment and Management

- Remote Management System*
